**Draft Resolution Extending Canceling Authority Of Passenger Stage Corporations To Adjust Fares Available For Public Review And Comment**

A draft resolution (TL-18988) of the Rail Safety and Carriers Division that cancels the authority given to passenger stage corporations (PSCs) originally by Resolution TL-18904 to adjust their fares without specific Commission authorization will be on the February 21, 2002, Commission meeting agenda. The Commission may vote on this resolution at that time, or it may postpone a vote until later. When the Commission votes on Resolution

TL-18988, it may adopt all or part of it as written, amend or modify it, or set it aside and prepare a different resolution.

Resolution TL-18904, dated October 21, 1999, authorized PSCs for a 180-day period to raise their fares as much as 15% above their current fares or, for those carriers who have been granted a zone of rate freedom (ZORF), 15% above the upper limit of the ZORF. This authority was subsequently extended by Resolutions TL-18923, TL-18943, and

TL-18973. Resolution TL-18988, as drafted, cancels this authority. It further requires any PSCs who have filed surcharges or fare increases under the authority to cancel them within 20 days of the date of the resolution.

The draft resolution is available for review and comment. A copy may be obtained from, and any subsequent written comments should be submitted to:

Paul Wuerstle, Principal

**Draft Resolution Canceling Authority Of Vessel Common  
Carriers To Adjust Fares Available For Public Review And Comment**

A draft resolution (TL-18989) of the Rail Safety and Carriers Division that cancels the temporary authority given to vessel common carriers (VCCs) originally by Resolution

TL-18927 to adjust their fares without specific Commission authorization will be on the February 21, 2002, Commission meeting agenda. The Commission may vote on this resolution at that time, or it may postpone a vote until later. When the Commission votes on Resolution TL-18989, it may adopt all or part of it as written, amend or modify it, or set it aside and prepare a different resolution.

Resolution TL-18927 authorized VCCs for a 180-day period to raise their fares as much as 15% above current fares. The resolution was issued in response to the significant increases in fuel prices experienced by VCCs. The authority was subsequently extended by Resolutions TL-18944 and TL-18974. Resolution TL-18989, as drafted, cancels this authority. It further requires any VCCs who have filed surcharges or fare increases under this authority to cancel them within 20 days of the date of the resolution.

The draft resolution is available for review and comment. A copy may be obtained from, and any subsequent written comments should be submitted to:

12/10/01	A01-04-007	Southern California Gas Company, for Authority pursuant to Public Utilities Code Section 851 to Sell Cushion Gas in its Aliso Canyon and La Goleta Storage Fields.
----------	------------	--

**Summary:** On January 7, 2002, Judy Peck, CPUC Relations Administrator for Sempra Energy (Sempra), participated on behalf of the Southern California Gas Company (SoCalGas) in an all party meeting with Cmmr. Brown in San Francisco. Also present were Belinda Gatti, advisor to Cmmr. Brown, Laura Krannawitter, advisor to Cmmr. Duque, Joyce Alfton of the Energy Division, Mark Pocta and Jason Zeller of the Office of Ratepayer Advocates, Todd Peterson of the California Energy Commission, Ron van der Leeden of Sempra Energy, Brian Cherry of Pacific Gas and Electric Company, Marcel Hawiger of the Utility Reform Network, Brian Cragg of Duke Energy North America; Norman Pederson of Southern California Generation Coalition; John Leslie of Coral Energy Resources; and Elizabeth Westby of the Indicated Producers. Written material (attached to the notice) was used. Peck explained that SoCalGas brought this project to the Commission in a good faith effort to create a cost-effective temporary

increase in system capacity to be available for the 2001-2002 winter. Peck argued that the draft decision is particularly unfair in that it does not guarantee SoCalGas recovery of these project costs. Peck stated that SoCalGas continues to believe that the best way to deal with this issue is to sell 100% of the gas on the open market, subtract the book cost and project cost from the sale proceeds and hold evidentiary hearings to determine the appropriate distribution of any gain on sale. Peck noted that SoCalGas supports the alternate with the modifications provided in their comments.
